

68 PLC, 541-346-3226  
<http://tlc.uoregon.edu>

# Courses

Topics include speed reading, test taking, critical thinking, time management, and more.

Courses provide elective credit toward degree.

Short courses (3 weeks long) and late start courses allow greater flexibility.

# Individual Meetings

Weekly drop-in sessions  
with TLC instructors to work  
on study skills and statistics

Schedule individual  
appointments with  
TLC instructors

# Math and Writing Labs

Free, drop-in help  
Monday – Friday,  
9am-4pm in 72 PLC

Labs are open week two  
of the term through the  
Wednesday of finals week.

# Tutoring

Group tutoring offers consistent help throughout the term. Groups of six or fewer students meet two hours per week (\$125/term).

Private tutoring (\$9 - \$13/hour) for lower-division math, foreign language and science courses

# Standardized Exam Preparation

GRE, GMAT, MCAT and LSAT preparation workshops provide high-quality, low-cost alternative to commercial programs.

# Health Professions Program

**Thinking about a career in  
the health field?**

Explore,  
plan,  
prepare,  
and apply!

If you are a strong student, you may find ways to make your studies more efficient.

If you are a struggling student, you may be just one or two study skills away from success.
